BINDING SYSTEM

The Company reserves itself the right to modify the features of the products shown in this catalogue.

HOW IT WORKS

Binding is an easy thing with the P-800: the operator only needs to insert manually the wire (and eventually the hanger) into the punched book, place it under the closing device and press the footswitch.

FEATURES

- Maximum closing length: 800 mm.
- Footswitch controlled.
- Adjustable for closing any diameter.
- Maximum output: 1000 pieces depending on materials used and skills of operator.
